

ANARCHIST FEDERATION

ORGANISING FOR RESISTANCE

Introducing the Anarchist Federation

The Anarchist Federation (AF) is the largest organisation of anarchist communists in Britain. We have groups in London, East Kent, Nottingham, Sheffield, Reading, Manchester, Preston, Hereford and Liverpool. We have individual members in many other towns and cities throughout Scotland, England and Wales. The AF is growing at the moment.

Class Struggle

We believe that only the self-emancipation of the working class can liberate humanity from the shackles of exploitation and state domination. To that end we organise with other workers in our workplaces and communities. We are active, as militant rank and file workers, in the unions where we work. Many of us are members of the Industrial Workers of the World, a growing rank and file union in Britain. Our members organise in their communities to reclaim space from the domination of landlords and capital.

Internationalism

As internationalists we are members of the International of Anarchist Federations (IAF-IFA). This federation is mostly based on organisations in France, Italy, Spain, Britain, Germany and Argentina. We meet every three months to co-ordinate activities and try to support anarchists in other parts of the world. The IFA is currently growing and we expect new federations to join at our 40th anniversary Congress in Carrarra (Italy) later this year.

Through our Solidarity Fund we actively raise money to support anarchists in other parts of the world and at home

Membership

We organise democratically and are a membership organisation. People join us after meeting and discussing with us. We have four meetings a year at which the AF debates politics and decides policy.

Publications

We publish two magazines, the monthly free sheet Resistance and twice yearly journal Organise!
